 GREEN FACILITY SOLUTIONS

WELCOME TO GFS

GFS is committed to providing comprehensive, code-compliant fire safety solutions that protect lives and assets while ensuring business continuity. Our services include design, supply, installation, testing, commissioning, and maintenance, adhering to BNBC and NFPA standards. We collaborate with recognized brands to implement reliable, scalable solutions tailored to each facility's needs. Our goal is to deliver authority-ready, performance-verified systems. Thank you for trusting GFS, and we look forward to supporting your fire protection needs.
